

Accountability Champion

This role will be a responsive and ever-developing regulator for all that we do here at BDB. The ideal candidate will have previous experience in accountability and be up-to-date with current procedures and policies. Here at BDB, we try to hold ourselves to strong ethics and sustainable practice, and the Accountability Champion will help regulate and hold us to those values. As a CIC, it is important that we are constantly reviewing our impact and always looking for ways to improve.
